

Agenda

UK and Ireland First Patient Information Day on Fibromuscular Dysplasia (FMD)

When : Saturday 19th January 2019

Where : Frank Rifkin Lecture theatre, Mayo Building
Salford Royal Hospital, Stott Lane, Salford, Greater Manchester, M6 8HD

Objectives

- Share knowledge and provide information on FMD
- Raise awareness about the different ways in which people can be affected
- Opportunity to share experiences of living with and treating FMD
- Information about best practice and research being undertaken to improve outcomes in FMD
- Explore and learn about the broader themes of FMD
- This patient information day would be relevant to people affected by FMD, carers and all staff groups involved in the provision of care of FMD

Register: fmd.ukireland@gmail.com or @FmdsUk. Any questions to tina.chrysochou@srft.nhs.uk

This is a free event

This day has been supported by a grant from Kidney Care UK (KCUK) and the Association of Renal Industries (ARI)
